

PHIL

All of your commercial and Medicare-insured patients can get the lowest possible price for CEQUA[®] a,b,c

PhilRx makes it easy for your practice, too.

As little as
\$0 co-pay
or \$89 per month^{a,b}

- ✓ Easy prescribing via Electronic Health Records (EHR)—no forms
- ✓ Best affordability options are determined for the patient and automatically applied through PhilRx
 - Commercial insurance patients may pay as little as \$0 per month for each box of CEQUA (60 vials)
 - Medicare Part D patients may be eligible for a manufacturer cash discount price of only \$89 per box (60 vials) if their prior authorization (PA) is denied^c
- ✓ Patients opt in to the program directly with PhilRx—no need to burden your office staff. **Plus, free delivery**

How it works

- 1 Select “PhilRx” in the EHR’s retail pharmacy finder, and let your patient know to expect a text within minutes**

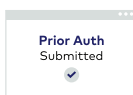

If you are having trouble locating PhilRx in the EHR, you can search by the phone number, NPI, or address shown here.

You can also send an Rx via phone (1-855-977-0975, option 1) or fax (1-888-975-0603).

To minimize callbacks, include:

- Patient’s phone number, chart notes, prior tried/failed, and ICD-10 in the Rx note to pharmacist
- PhilRx will contact you if patient cannot be reached

- 2 Submit prior authorization when required**

PhilRx will prepopulate the PA form and fax you the CoverMyMeds[®] key to submit.

- 3 Review Weekly Patient Journey Report fax or email**
Report includes successful dispenses, pending patient enrollment or payment, PA submissions needed, etc. For more information, please go to phil.us/healthcare-providers/#faqs.

It's easy for your patients to save on CEQUA® with PhilRx

PhilRx communicates directly with patients to get them the lowest possible price for CEQUA.^{a,b,c}

PHIL

How it works

1 Patient enrolls through text link sent to their cell phone

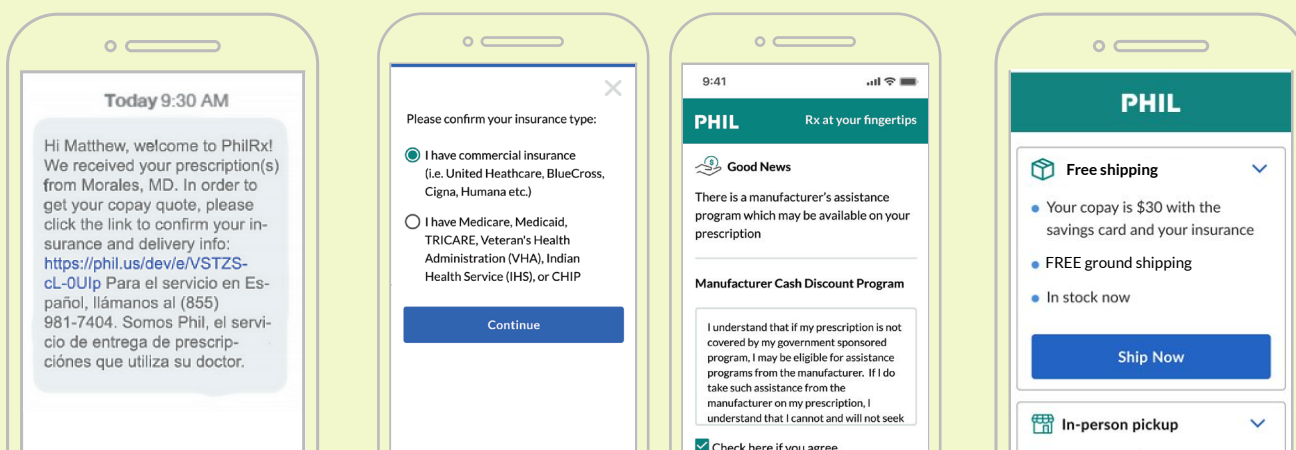

When you select PhilRx on your EHR, your patient will receive a text message. Enrollment only takes 2 minutes.

2 Patient's PA status determines savings

Patients must confirm their coverage type to get the lowest possible price based on their insurance and co-pay offer — as little as **\$0 co-pay** or **\$89 per month** for each box of CEQUA (60 vials).

3 After co-pay is verified, patients confirm their payment and delivery information

They will receive a text message with a shipment tracking link.

For commercially insured patients, you can still prescribe CEQUA to their local retail pharmacy^a

- Your patient will not be enrolled in PhilRx and will not have access to the manufacturer cash discount program
- Patients will need to activate the CEQUA Co-pay Card savings offer online

Patients must fill out the form at cequa.com/cost to get the savings offer, then present it to the pharmacy when they pick up their prescription. If they're eligible, the savings offer will be ready to use immediately.

^aEligibility rules apply. Co-pay cards are only available with commercial insurance. Maximum benefit is \$250 per prescription. Not valid for patients paying cash or with government insurance including, but not limited to, Medicare or Medicaid. Patients must reside in the United States, Puerto Rico, Guam, or the Virgin Islands. Please read full Terms and Conditions at cequapro.com/savingsterms.

^bPhilRx is a third-party vendor. By participating in the program, patients acknowledge that they currently meet the eligibility criteria. This program is only available for eligible commercially or Medicare Part D insured patients who are prescribed CEQUA through PhilRx.

^cMedicare patients may be eligible for manufacturer cash discount pricing in case their plan does not cover CEQUA as a benefit and there is a confirmed PA denial. Subject to patient agreeing to program terms and conditions for opt out.
